

Vibhaa Hospital Newsletter

- Issue: 8
- Date: March 5, 2023

Welcome to the latest edition of the Vibhaa Hospital Newsletter!

Summer is here, and with it comes the promise of sun-kissed days, juicy mangoes, and well-deserved vacations. However, amidst the scorching afternoons, a moment of respite is often sought in a short, refreshing nap.

Celebrating Two Years of Service to the Community!

We are delighted to announce that we have completed two years of dedicated service to the community. This milestone wouldn't have been possible without the invaluable support of our patients, their families, the trust of our referring doctors, the unwavering commitment of our dedicated consultants, nurses, and support staff. From the depth of my heart, I extend my heartfelt gratitude to each and every one of you.

Highlights of February

February ushered in a wave of fresh energy and exciting initiatives that we had been eagerly anticipating. In addition to maintaining our renowned standard of care, we are proud to announce the expansion of our services to include Oncological Services. **Dr. Vishal Kulkarni, a distinguished Oncologist, will be holding his outpatient clinic every second Saturday of the month henceforth.** His expertise is a much-needed resource for patients in need.

Upcoming Events

We are thrilled to announce that **Dr. Gururaj Udachankar, a renowned Pulmonologist from Belgaum, will be offering diagnostic and therapeutic Bronchoscopy services at Vibhaa Hospital.** His extensive experience in treating a wide range of Broncho-Pulmonary diseases will be immensely beneficial to our patients.

Personal Reflections

Recently, I had the privilege of attending the KSC ASICON 24 conference at SDM, Dharwad. It was an enriching experience filled with camaraderie among surgeons from across the state.

Currently, I am engrossed in the book:

Same As Ever: Timeless Lessons on Risk, Opportunity, and Living a Good Life by **Morgan Housel**, acclaimed author of 'The Psychology of Money.' This captivating read offers insights into various aspects of life, investment, and the essence of humanity. It's a compelling and easily digestible exploration.

With your continued cooperation and blessings, we are committed to scaling greater heights in our service to society!

Stay Healthy!

Dr. Kishor V Bandagar
MS, General and Laparoscopic Surgeon
